Event information.

The "Himalaya Rescue 2024" event is a complex mission that requires meticulous planning, a highly skilled team, and precise execution. This plan outlines the essential stages to locate and rescue the missing individuals, ensuring their safety and the success of the mission. The main objective is to locate and rescue two individuals who have gone missing in a mountainous region.

Mission Information.

Two individuals, have been reported missing in the mountainous region near Paro. They were last seen hiking at high altitudes. The weather conditions in the area are severe, with low temperatures and reduced visibility. Use helicopters to search for the missing persons. This will involve flying over the area to identify their possible location based on the last known coordinates and environmental conditions. Upon locating the individuals, the mission will shift to safely extracting them using helicopters. Medical assistance will be provided if necessary.

Coordinates of the zones that missing individuals could be: 273219N0892909E
273702N0892438E 273230N0890906E 272447N0891338E 273219N0892909E

They will perform the aerial search operations, execute the rescue, and provide first aid. After that, return to base.
