1. GENERAL

The Czech division of IVAO has prepared for you the second year of a virtual air show at Leoš Janáček Airport, Ostrava following the example of NATO days.

1.1 LOCATION

19. 9. 2021

Leoš Janáček Ostrava Airport - LKMT

Scenery:

X – Plane

FSX/P3D v2

P3D v4

1.2 EVENT SCHEDULE

13:00z - 15:00 - NATO DAY Fly-in - Arrivals at LKMT airport - More info [here](#)

15:00z - 15:30z - Organizational break

15:30z - 17:30z - Airshow

1.3 IMPORTANT

The event will be broadcast live on the Youtube divisional channel. For the best transmission, individual performers and cameramen are connected via joinfs division server

Due to time slot reservations and the length of the event, the number of participants may be limited! Therefore, we recommend registering as a group in more people in advance

2. MISSION

Your task is a flight show (DISPLAY) for spectators at the airport. Within the time limit from take-off to landing and limited space.

2.1 FLIGHT REGISTRATION

After confirming your participation via the sod.ivaoczechdivision@aero, it is necessary to contact CZ-SOC cz-soc@ivaoczechdivision.aero to obtain the time slot of the flight display. The registration must indicate the VID and the type of aircraft. Slots are listed on the webpage [here](#).

2.2 FLIGHT DISPLAY TIMEOUT

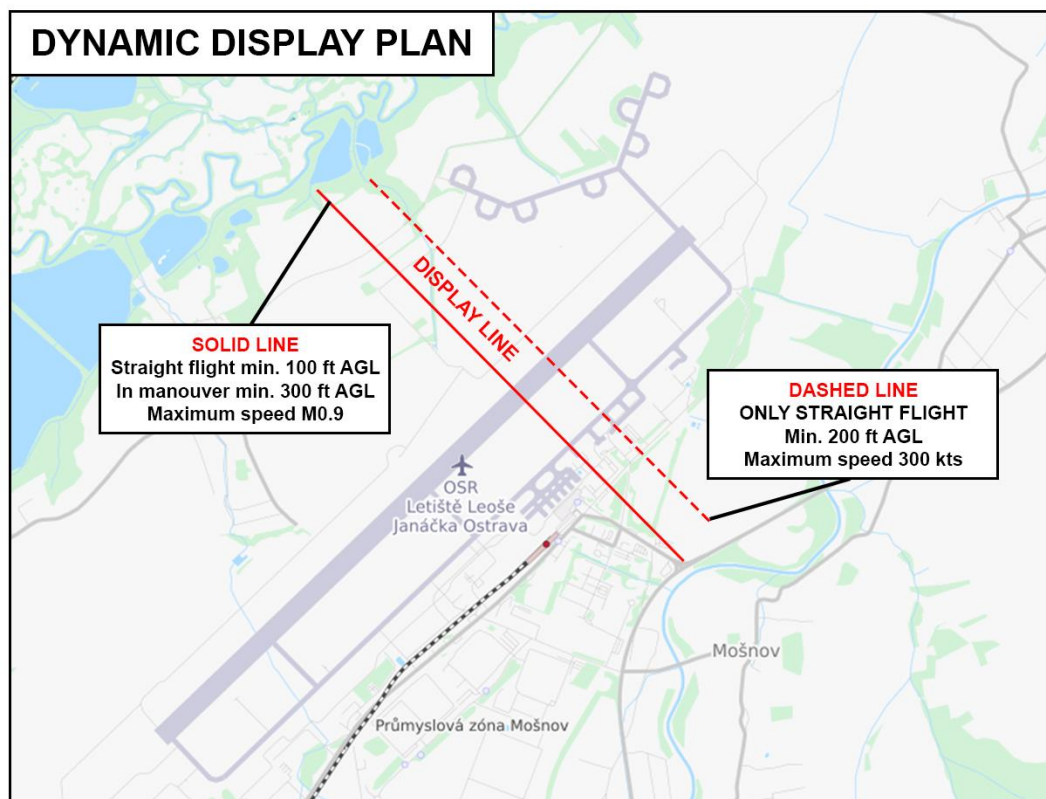

The display will be performed within the take-off time limit:

7 min - for individuals

10 min - for group

The pilot shall not exceed this time limit.

2.3 DISPLAY ZONE

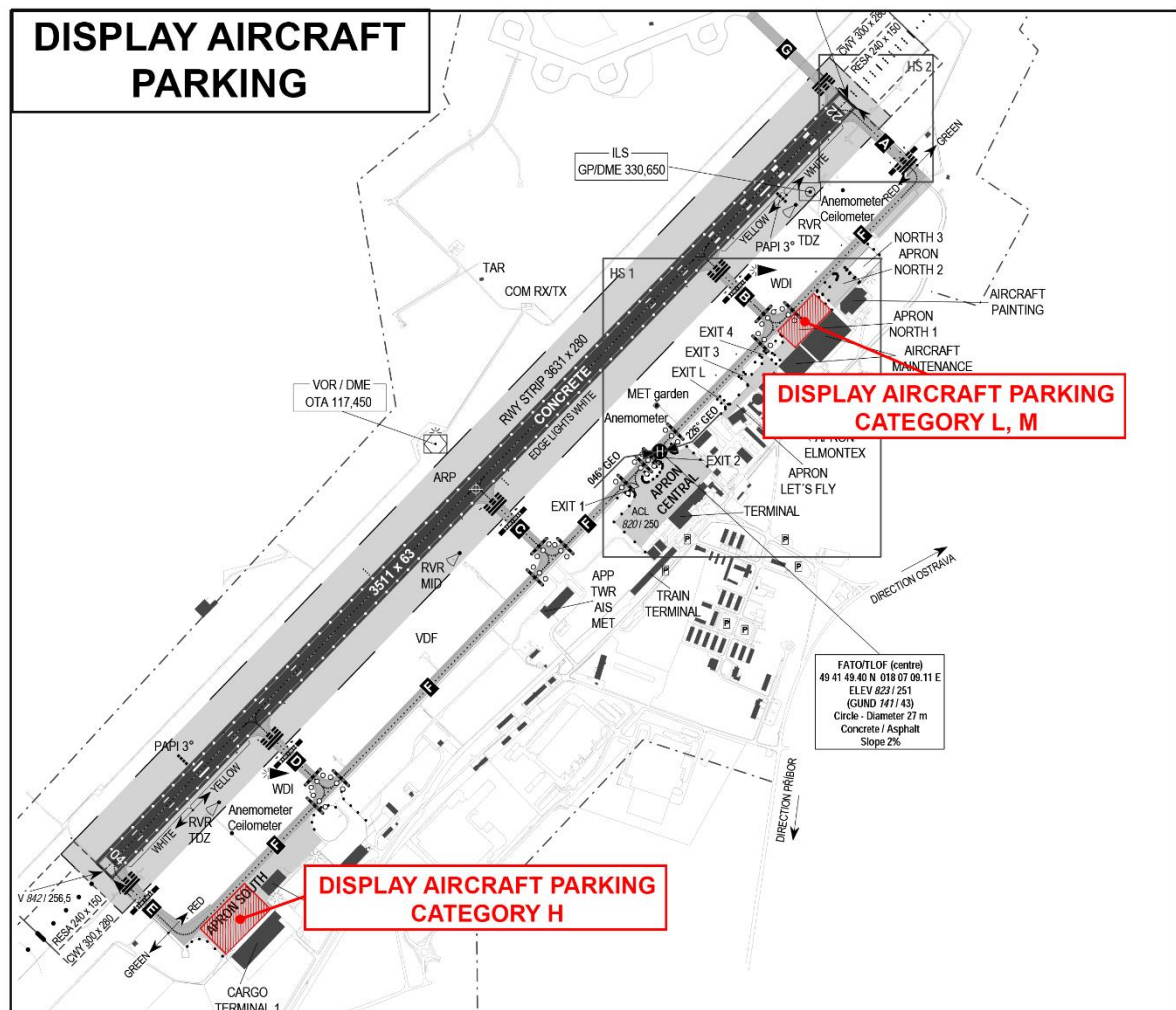

Southwest of dashed line - DISPLAY ZONE in radius max. 6NM

Northeast airport from dashed line - Direct flight only

Height restriction: Lowest cloud base / or FL100

2.4 MOVING AROUND THE AIRPORT

CAT L, M - TAXIING ONLY ON FOXTROT AND BRAVO TAXIWAYS

CAT H - TAXIING ONLY ON ECHO TAXIWAY (Expect Take-off RWY04 and Landing RWY22)

3. ATC INFO

All shows will be managed by

Mošnov tower - LKMT_TWR - 120.805

General airport maps [here](#) > Left menu > Aerodrome (AD 2) > LKMT

3.1 PHRAZEOLOGY

PILOT: INFORMATION ..., QNH ..., REQUEST CLEARANCE FOR DISPLAY FROM 00 TO 07 (TIME IN MINUTES)

ATC: TIME 55, CLEARED FOR DISPLAY FROM 00 TO 07, WHEN READY TAXI TO HOLDING POINT RWY 22 VIA BRAVO.

PILOT: *READBACK*

ATC: RWY 22 CLEARED FOR TAKE OFF, WIND ..., AFTER DEPARTURE COMMENCE DISPLAY.

PILOT: *READBACK*

ATC: 2 MINUTES (*TO END*)

PILOT: DISPLAY TERMINATED, TIME 07, FINAL RWY 22

ATC: RWY 22 CLEARED TO LAND, WIND ...

4. CONNECTION FOR FLIGHT DEMONSTRATION

Since the event will be broadcast live via Youtube We have created rules for the best performance of flight demonstration transmission.

4.1 JOINFS

Each performer also connects to joinfs ip division server

Server name and Password will be published each performer before event

4.2 CONNECTION AND DISCONNECTION

Test your JoinFS connection before you begin the event for possible troubleshooting or flight demonstration representation.

1. **5 MIN before the flight demonstration, the pilot connects to the JoinFS server.**
2. **At the end of the flight demonstration and the aircraft is parked on the tarmac, the pilot disconnects no later than 5 minutes after the end of the flight demonstration.**

5. NOTE

At the start of the event, the LKR3A protection area will be activated, into which all traffic outside the planned operation will be prohibited.
