EU SUMMIT EVENT

IVAO BELUX REGION – HQ-SOD EVENT – 9 &11TH December 2020

THE EVENT

In December 2020, Brussels will be hosting a EU Summit. Heads of States and/or governments from all over the European Union will come for this important meeting. Take your wings, and bring your leaders safely to the capital of Europe!

HOW IT WORKS?

Choose one or several flight(s) in the list below. You can fly inbound Brussels (arrival between 18z and 21z /9th Dec) and/or outbound Brussels (departure between 18z and 21z/11th Dec). People flying at least one day will get 1 point for the Jet Fighter Award, Flying on both gives 2 points.
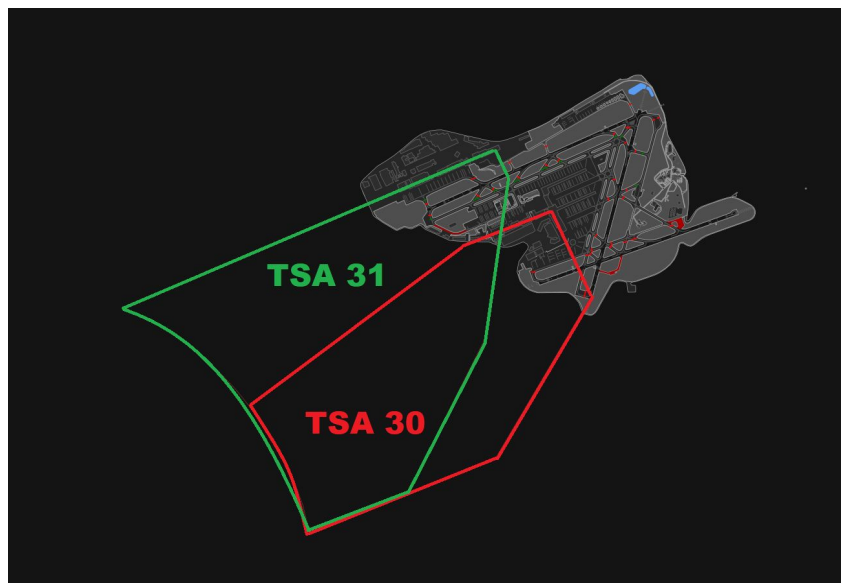

RULES

- Inbound flights MUST arrive between 18 and 21z on the 9th and outbound flights must depart between 18z and 21z on the 11th.

- Points are only granted if flight is flown within this time frame, without interruption (5 minutes tolerance for any disconnection)

- Pilots MUST use the prescribed callsign and use the prescribed aircraft or a similar one (if so, file the prescribed one in the flight plan).

- Flight plans must be accurate and valid, and all pilots must have up to date AIRACs and charts on board

- Pilots must set EBMB as ICAO code for Brussels in the flight plan (military code of Brussels EBBR), and STS/HEAD in their remarks.

- Participants must follow instructions from the Belux SO staff at any moment.

- When on the ground, pilots must coordinate with BruMil Wing Ops flight director on 131.880 Mhz which will give the preflight / arrival instructions. A follow-me car shall also be present to assist you.

AIRPORT INFORMATION

SEGREGATED AREAS

TSA 30 and 31 will be active during this event, but will not affect the departure flow of both runways

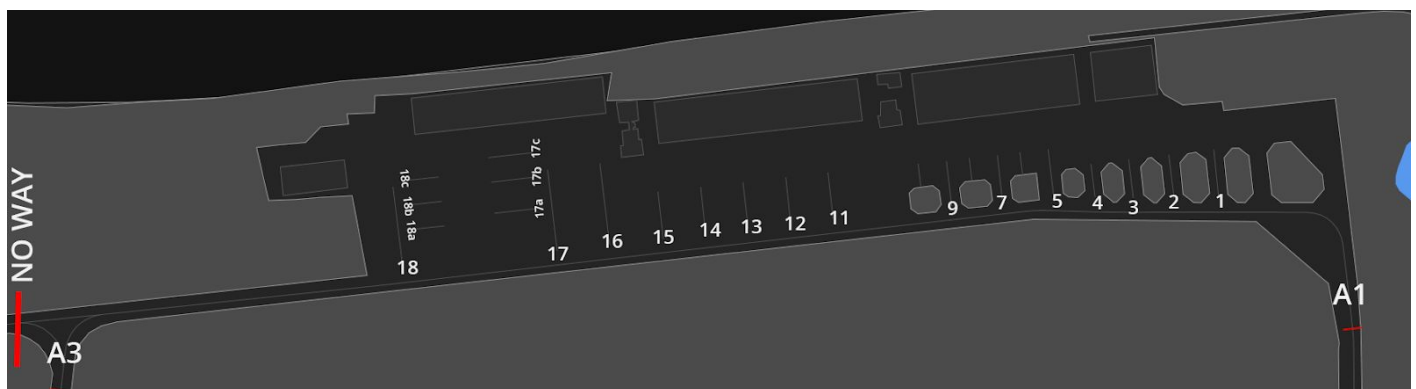

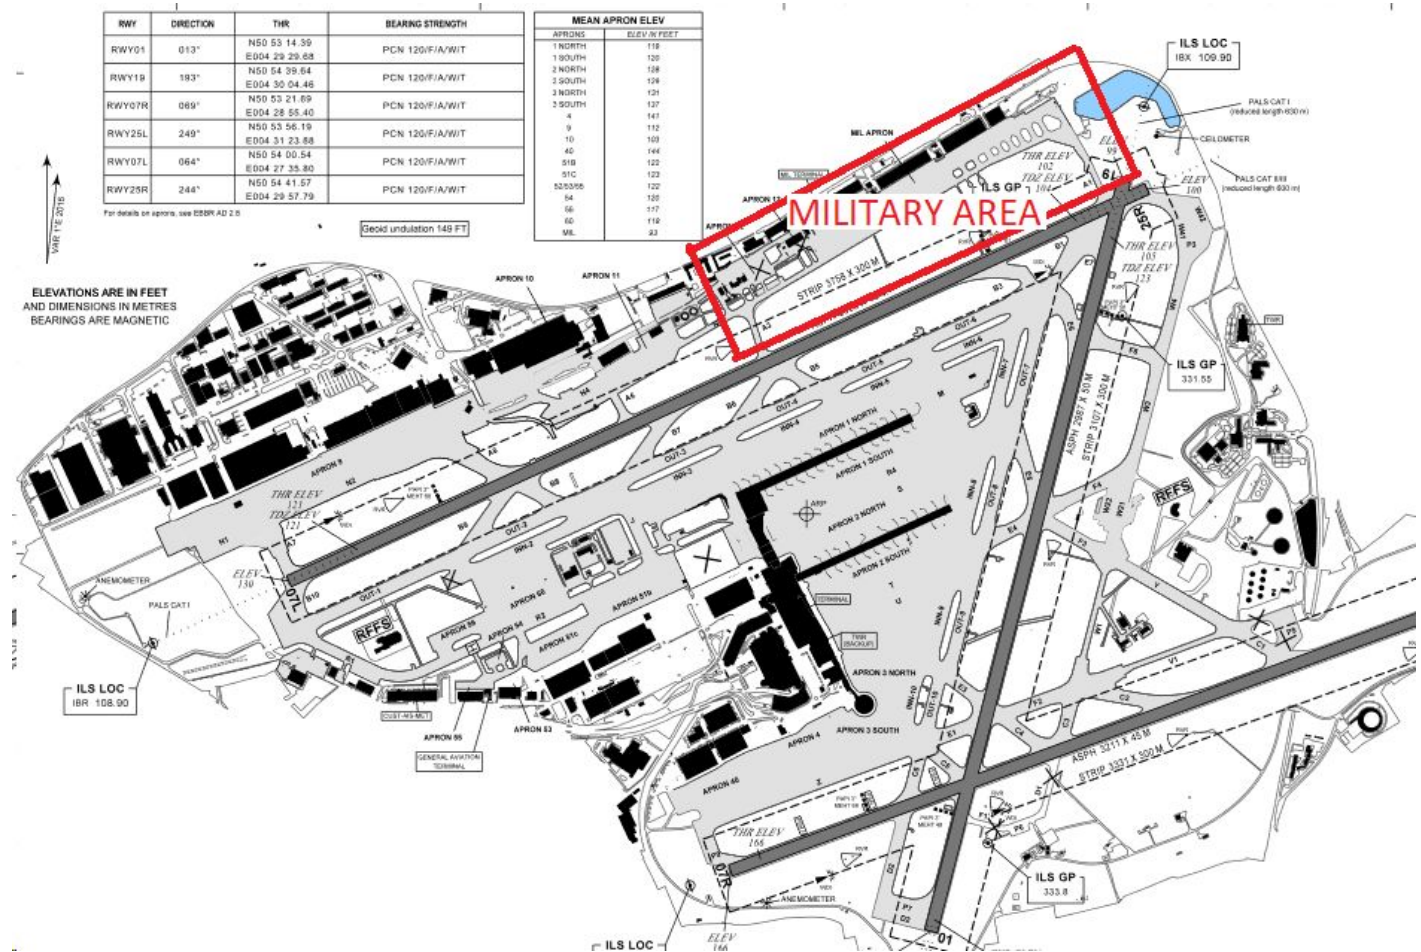

TSA 30 SUMMIT 1	GND-700FT AMSL
TSA 31 SUMMIT 2	GND-700FT AMSL

Description ;

Only Federal Police helicopters and MIL helicopters stationed at EBMB are allowed to enter this area.
These areas will be activated by notams on the IVAO Notams sytem at this address :
http://atc.notams.ivao.aero/index.php

GROUND LAYOUT

The MIL area is located to the north east of threshold 25R. It is reachable via taxiways A1 and A3 only (aircraft vacating 25R further have to vacate to the south on OUTER and cross at B5 to A3). EBBR_GND provides guidance on the main taxiway, but the apron is handled by EBMB_GND (Wing Ops) on 131.880, who will assign a parking position and handle the follow-me.
