1. INTRODUCTION

IVAO Czech Division is hosting third annual combined event of Fly-In and virtual airshow based on real NATO Days show. The event will take place at Leos Janacek Ostrava Airport.

1.1 VENUE

Date: 24-September-2023

Location: Leos Janacek Ostrava Airport – LKMT

1.2 TIMINGS

13:00z - 15:00z – Fly-in Ostrava – Arrivals to LKMT

More information on website booking.cz.ivaao.aero

15:00z - 15:30z – Technical break

15:30z - 17:30z – Airshow

1.3 IMPORTANT

There will be live stream through official YouTube channel of Czech Division. Due to event character it is necessary to reserve a time slot for airshow and each participant is required to adhere to correct time of his display. In case any participant can no longer attend, he/she shall inform organizer by email (filip.chudoba@ivaao.aero) or Discord (selfdeveloper) no later than day prior to the show.

2. MISSION

Your task is flying display at the airshow in time window defined between take-off and landing within specified area.

2.1 REGISTRATION

After confirmation through sod.ivaao.aero website you will receive email from organizer with detailed information and GDPR form.

2.2 TIME LIMITS FOR DISPLAY

Flying display will be restricted (from take off to landing) as follows:

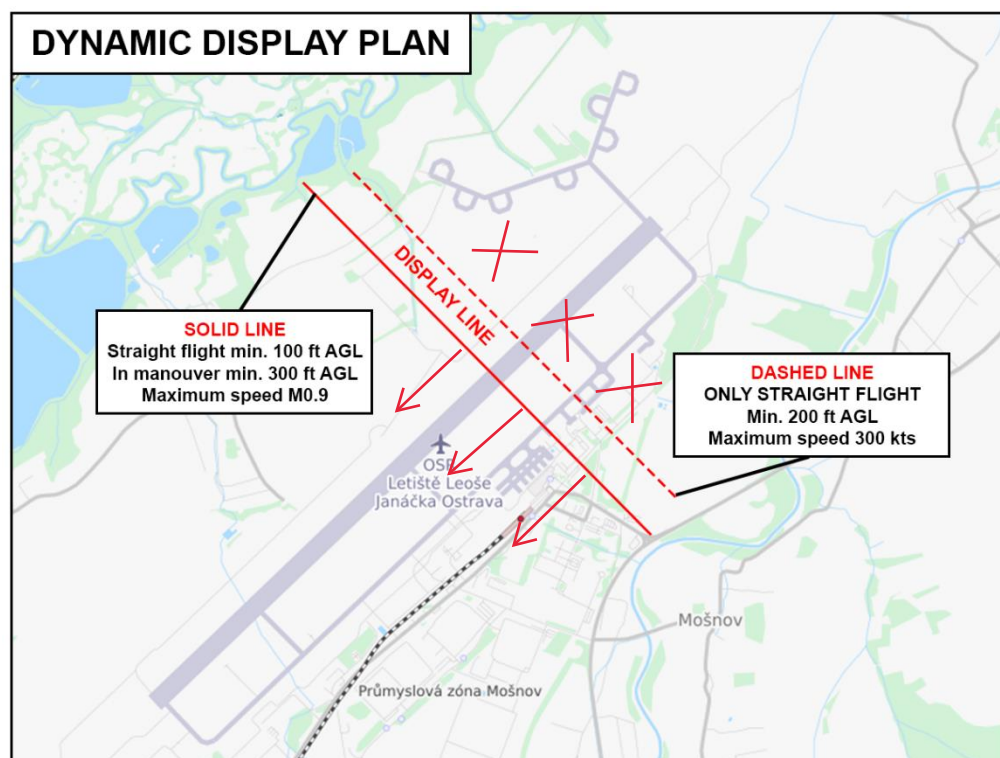

- a) max. 7 min – for solo
- b) max. 10 min – for group

2.3 DISPLAY ZONE

Southwest from dashed line in maximum distance 6NM from aerodrome.

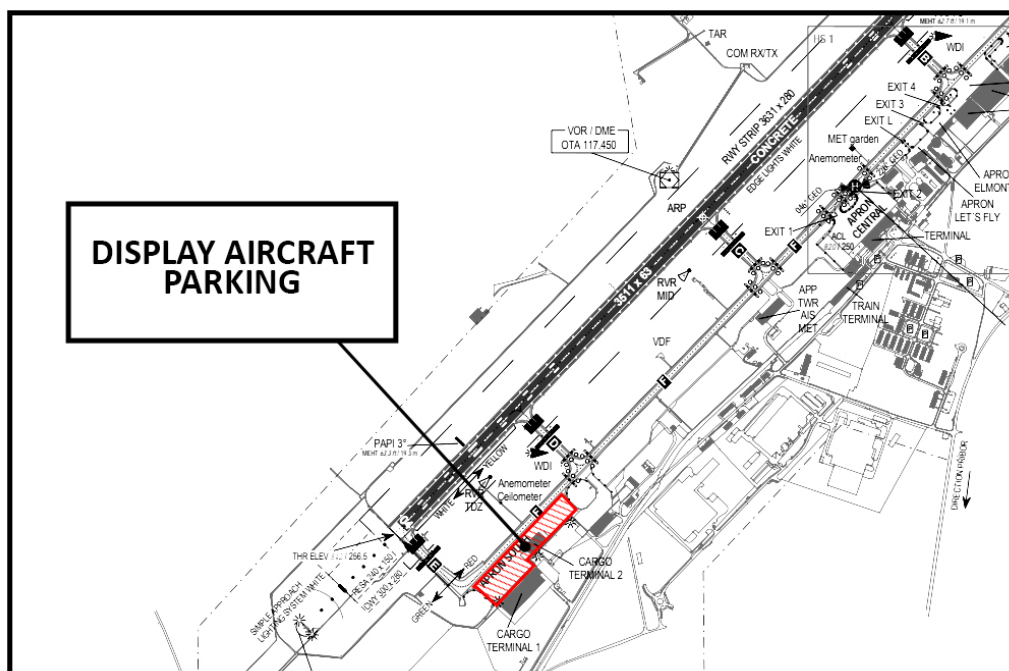

Northeast from dashed line - straight flight only

Vertical limit: Lowest cloud base or FL100

2.4 AIRPORT

Taxiing follows standard procedures described in civil aviation information publications and NOTAM. All pilots are required to familiarize with these procedures before flight. Stands reserved for display pilots are marked in following map:

2.5 P O I N T S

Only displaying pilots are eligible for SOD points.

2.6 A D D I T I O N A L I N F O

- parking will be provided for all aircrafts regardless if they are performing or not
- Display flights will be provided ATC service on station **Mosnov Tower (LKMT TWR) on frequency 120.805 Mhz**
- **LKMT_APP (Praha Radar) on frequency 119.375 Mhz and LKAA_CTR (Praha Radar) on frequency 118,375 Mhz** will be available during fly-in and airshow

3. ATC INFO

Airport charts are available in AIP CZ [AIP ČR](#) section AD2 – LKMT.
