GENERAL OAT RULES

- GCA required in Venezuela Division.
- All SO flights must be in the Flight Plan type “M” (Military) or “X” (Special) flight.

- All SO flights must have in the Flight Plan REMARK section a plain description of the intentions (Example RMK/training flight).
 - TRA/TSA activation upon Active ATC or Division NOTAM
- Formation Flights must comply with IVAO R&R
- Low flying is permitted within suitable Military Training Areas.
 - Practice Interception is allowed prior ATC clearance or coordination between all participants (approval of intercepted pilot is mandatory).
