Hold of a valid SO GCA in Portuguese division is necessary by sending an email to pt-soc@ivao.aero and pt-soac@ivao.aero with cc to pt-hq@ivao.aero. Minimum rating is ADC, which controls Tower positions only. APC, tower and approach positions and ACC controller may control everything. In case you hold an ADC GCA and afterwards you become APC, then a new check is necessary prior to start controlling approach positions.

Portuguese Division members also need a check before starting controlling OAT traffic in the position mentioned in the table above. The procedure is the same as mentioned above.
